

# Bunny Hendricks

Alita (Bunny) Hendricks is a U.S. Pony Club graduate A member of Difficult Run PC, Virginia Region and transferred to Suncoast PC, Sunshine Region after moving to Florida to begin college. She has worn several hats in Pony Club (all ASTM SEI approved, of course :- ) ), including being a National Examiner (for over 30 years), a former Chief Horse Management Judge (30 years), instructor/clinician (even more years!), member or chair of numerous national committees, rally coach and Festival Clinician as well. In 2004 she was honored to be named a USPC Legend of Instruction and in 2011, a Festival Legend. In 2015, she was awarded the USPC Founders' Award.

Currently, Bunny is the CVO (Chief Video Officer) of her company AllHorseTalk.com, a web site which produces and offers high quality equestrian education videos on all aspects of horse care and English riding disciplines.

Much of the time during the year when not preparing AllHorseTalk.com videos, Bunny travels throughout the U.S. as a clinician specializing in USPC Upper Level Ratings Preps, C3 through the A Level, including the HB and HA Ratings. These include both riding and non-riding ratings. As a popular clinician, she has traveled from the Carolinas to California, from St. Croix to Seattle, and many places in between! She has presented several workshops at the USPC Annual Meetings over the years as well.

Outside of Pony Club, Bunny decorates Cross Country and Show Jumping courses at some of the USEA and FEI sanctioned events held at the Florida Horse Park in Ocala, Florida. She even had her debut as Announcer at the FEI 1\* Dressage arena in April, 2018!

As a junior, Bunny competed in Virginia Horse Shows Association in Hunter and Jumper Shows through Horse IV, Eventing through Preliminary, and Dressage through Second Level, mostly at Frying Pan Park, Fairfax County, Virginia, which was next door to her home during her active Pony Club years. Later, she did more of the same as an adult in Florida.

Bunny lives at her Hunteridge Farm up on a hill in Trilby, Florida (yes, hills really do exist in Florida!). She is a retired 21 year veteran elementary school teacher and would like to remind you to "Be good to your horse, and be good to yourself."
