## USPC National Examiner from Mocksville, NC

Kathi is an active pony club instructor, coach and 13 year National Examiner testing through A traditional. Began riding lessons over thirty years ago at a small barn with an enthusiastic instructor who was very new to horses herself. Because of this, I quickly was able to start training and teaching, because I was "very experienced" after a year of lessons! We would go pick up horses from the local trader and I would get to train them until they could be used in lessons. It was all very seat-of-the-pants, but fun and a great education! Eventually, someone loaned me some old US Eventing Magazines and I have never looked back. Pony Club came along and I really directed my energies into eventing progressing through A level. I enjoy working with students of all ages and have a very active group of Eventers out competing.
